

REPUBLICANS OUTLINE PLAN FOR NOMINATING SHERMAN NEXT TUESDAY

MAJORITY OF MEMBERS OF THE LEGISLATURE WILL BE AWAY FROM SPRINGFIELD UNTIL TUESDAY

Balloting Will Start in Separate Houses--If no Candidate Receives a Majority in Each House Joint Session of the Assembly Will Be Held Until an Election Occurs--O'Hara Speaks to Senate on Reforms to Be Inaugurated Regarding White Slave Traffic.

SPRINGFIELD, ILL., FEB. 4.—Because most of the members of the legislature will be away from Springfield until next Tuesday which is the first day for balloting the separate houses for United States senators, the Republicans to day outlined their plans for nominating Lawrence Y. Sherman, their primary choice for the senate. The balloting will start in the separate house Tuesday. If no candidate receives a majority in each house the general assembly will meet in a joint session each legislative day thereafter and ballot for senator until election occurs. Representative William Holaday of Danville, was assigned the task of nominating Mr. Sherman in the house. Senator H. S. Magill of Princeton who was Mr. Sherman's primary opponent, running as a progressive Republican, will make the nominating speech in the senate. Representative Wood will second the nomination in the house and Senator Hay will perform a like duty in the senate.

In the joint assembly Wednesday, Feb. 12th, Representative E. J. King of Galesburg will nominate Mr. Sherman on the part of the house and Senator Etelson will make the nomination on the part of the state.

Details of the arrangements for the nomination of Col. James Hamilton Lewis, the Democratic primary nominee will be announced some time during the next few days.

Adjourned Until Tuesday.

Under a joint resolution the two houses of the forty-eighth general assembly adjourned to day until Tuesday morning at 10 o'clock. No effort was made to transact any business in either house, adjournment of the house and senate having been taken yesterday with an understanding that no further business would be transacted until next week.

Nearly fifty house members were present at the perfunctory session to day despite the fact that no business was to be transacted. The house session was held in the wreckage of the inaugural decorations which were being rapidly removed from the hall of representatives by Captain Beck's force assistants. The temporary platform upon the new state officers inaugurated yesterday had been partly torn away when Speaker McKinley pounded his gavel on a lone board in the floor and called the house to order.

Representative McCabe, a new member from Will county offered the joint adjournment resolution. The house was at ease while the resolution was sent to the senate and concurred in by that body. The house awaited the senate's action on the resolution and adjourned upon receiving the report that the upper body had concurred in the adjournment until next Tuesday.

Governor Dunne spent a strenuous day and evening yesterday and in consequence spent the morning at the executive mansion resting up.

Secretary Woods' Appointments

Secretary of State Harry Woods to day announced the following appointments:

James O. Monroe, of West Chicago, DuPage county, to be private secretary, vice Theo. S. McCoy, resigned.

Amos Richardson, of Christian county, to be chief clerk in the state automobile department, vice Charles A. Rose, resigned.

Frank J. McComb, of Chicago, for the present to be confidential secretary.

O'Hara Addresses Senate.

In assuming the duties of his new office, Lieutenant Governor O'Hara addressed the senate today as follows:

"Gentlemen of the senate, I feel in going into the office as your presiding officer it would not be inappropriate on my part to address to you a few remarks setting forth the policy that will guide me during the next four years.

"I recognize as president of the senate no party and no faction of any party. Any senator looks as good to me as any other senator and during the four years I shall not discuss unfavorably any member of this body. I shall not say one unkind word in private conversation or in public discourse. That is my pledge to the fifty-one distinguished gentlemen who constitute this body.

"On the other hand I shall expect from every one of the senators the same courtesy, the same fairness and the same justice, and I shall expect that we shall co-operate to give to the people of Illinois that which they demand—the laws that they demand, and that we set before them the example that they will respect.

"In my judgment the most vital problem for this distinguished body to solve in the interest of the people

of Illinois and in a general way in

DEMOCRATS START "NO BATTLESHIP" CRY

Petition for Democratic Caucus on Question of Number of Vessels

ECONOMY IS ARGUMENT

Signers of Petition Believe Economy Demands Such a Stand by the Democrats

OTHER WASHINGTON DOINGS

WASHINGTON, FEB. 4.—With "no battleships" as their slogan, members of the house opposed to a big navy to day secured a sufficient number of signatures to a petition for a Democratic caucus on the question of how many battleships shall be authorized this year. The caucus will be held Friday when the house naval officers committee is scheduled to vote on the new construction section of the naval appropriation bill. Representative Sherwood of Ohio, started the movement for the caucus. He and other signers of the petition hope to have the caucus bind the majority to vote against any appropriation for battleships on the ground that economy demands such stand by the Democrats. It has been generally conceded that the naval affairs committee would report a provision for two battleships.

Sentiment among the Democrats is divided but only a small number can be found to predict that the caucus will commit itself to a no battleship program.

Office Holders Will Testify.

Federal office holders and employees who have been solicited to contribute to national campaign funds are to be summoned as witnesses by the senate campaign expenditures committee when it opens its investigation into the campaign expenses of the general election of 1912. Subpoenas will be issued for several United States marshals and other federal employees who have either collected or contributed to these funds and an effort will be made to determine the extent to which "assessments" have been made on federal office holders. The campaign investigating committee will recommend several changes of law to the senate on the final report on its investigations. It is expected that legal restrictions will be urged upon solicitation of campaign funds from employees of the government. The committee has not yet arranged for the date for the opening of the investigation into 1912 expenditures.

Will Demand Report.

In a special message to congress President Taft recommended legislation to compel exporters to prepare accurate and complete lists of merchandise sent out of the United States.

Will Submit Report To Taft.

The report of the bureau of corporations on the International Harvester company will be submitted to President Taft this week by Commissioner Conant. The president will then decide whether the report will be made public at this time in view of the pending anti-trust suit against the corporation. Counsel for the company asked the president to withhold the report until the suit was decided.

Work For Provision's Repeal.

The repeal of the Panama canal free tolls provision, proposed in an amendment by Senator Root recently passed canal administration law is to be taken up Friday at a meeting of the senate committee on inter-oceanic canals. The call for the meeting was issued to day by Chairman Brundage.

Advocates of the free toll provision for American coast-wise ships are prepared to fight the proposed amendment in the committee and to prevent if possible, its endorsement. Should the provision be favorable reported to the senate it is believed it will be impossible to secure final action upon it doing the pending session.

Republicans Will Caucus.

After another ineffectual effort to day to force action on President Taft's nominations pending in the senate the Republicans decided to make no further move for the present. It is probable they will caucus before beginning the fight again. Some Republicans predicted that any action by the caucus would be negative.

"It has been demonstrated that the Democrats can block all confirmations," said Senator Gallinger, discussing the situation, "and many of us consider it a pure waste of time to make further attempt at confirmation. We are liable to decide to nothing more."

To day's executive session was brief. The Democrats forced an adjournment by demanding a roll call to establish a quorum and then absenting themselves to insure a failure of a quorum.

Tax Payers May Lose \$30,000,000.

Tax payers of the District of Columbia may lose \$30,000,000 as a result of a precedent upsetting decision today by Representative Rodenberry of Georgia, as chairman of the house committee of the whole, sustaining a point of order against a paragraph in the district appropriation bill providing for \$975,408 for interest and slacking fund on the disbursements.

Senator Jones raised the point of order that the resolution was in contravention of the constitutional provision that balloting on the senatorships must begin next Tuesday. Lieutenant Governor O'Hara ruled

that the resolution was to be reinserted.

Pitch made the point of order of the ground that the law of 1890 under the United States resumed responsibility for the funded indebtedness of the district did not provide that the government should pay half of the interest and sinking fund on the debt. An appeal from the decision of the chair was voted down 97 to 33. An effort will be made in the senate to have the paragraph reinserted.

DUNNE AND M'KINLEY TO WORK FOR LEWIS

WILL USE THEIR INFLUENCE FOR THE COLONEL FOR SENATOR

Three Progressive Candidates in Field For Short Term Senatorship—Dunne Does Not Indicate Choice of Lewis' Running Mate.

SPRINGFIELD, ILL., FEB. 4.—Governor Edward F. Dunne and William McKinley, speaker of the house, will work together, using every influence at their command, to bring about the election of Colonel James Hamilton Lewis to the United States senate.

This information was furnished late today by Governor Dunne, following an interview with the new speaker of the house, in which the senatorship, the attitude of the house toward the state administration and Speaker McKinley's disposition to carry out the governor's policies were discussed at length.

"Speaker McKinley will support my administration in every possible way," Governor Dunne said after the conference, "he will assist to enact into law the progressive policies outlined in my inaugural address," continued the governor, "and further than this he will use his influence in every possible way to bring about the election of Col. Lewis to the United States senate."

This was Governor Dunne's first political declaration since his inauguration and for that reason is especially important. Without venturing to speak authoritatively, Governor Dunne said he is confident that President-elect Wilson expects Illinois to send two Democratic senators to Washington.

The new governor would not indicate a personal choice for Colonel Lewis' team-mate in the senatorial race.

The king extended greetings and best wishes for a delightful reunion.

TURKS EXPECT MUCH OF NEW MEN IN ARMY

Officials Have Greatest Confidence in the New Regime

ADRIANOPOLE IS SAFE

Fortress at Adrianople Will Probably be Able to Hold Out Many Weeks

SCUTARI NOT SURRENDERED

LONDON, FEB. 4.—The Turks remain on the defensive at Tchatalja and Adrianople.

The Adrianople fortress replies only feebly to the Bulgarian bombardment, and apparently no attempt has been made in the way of a sortie.

The Turkish newspaper "Tannin" asserts that Adrianople has sufficient provisions for four months, and other Turkish reports declared that the fortress certainly will be able to hold out for several weeks.

Official quarters in Constantinople breathe a spirit of great confidence in the new regime and declare that the condition of the country and the wintry weather procures serious operations along Tchatalja lines for the present.

The two men who made the Hay-Pauncetofo treaty, he said, lived and died without suspecting that the language by which they agreed the Panama canal on equal terms was susceptible to more than one interpretation, both sides did their best to write it in clear terms; now that there has been a disagreement, it will be adjusted by conferences.

Both countries will keep the treaty in the next hundred years by keeping faith with each other, Mr. Choate concluded.

Retiring from Tchatalja.

Constantinople, Feb. 4.—The Bulgarians, according to reports received tonight are retiring from burning village of Tchatalja especially on the left wing. This is regarded as a strategical movement possibly with the idea of drawing the Turks into the offensive.

The belief is held among military experts here that no serious operations are to be expected at Tchatalja for the present. The condition of the lines of the belligerents is such as to render the movement of men impossible. It is little better than a morass. Only on the higher ground in the northern region can the armies come into contact, and it seems improbable that either side will indulge in an attack in force. It is supposed that the Bulgarians denounced the armistice less on account of the failure of the negotiations than because they expected Adrianople would be obliged to surrender within a few days, and an armistice still in operation might have embarrassed their liberty of action.

According to the best information here, the fortress will be able to resist for a long time. Much is expected by competent observers of the new blood which is now at the head of both military and civil administrations burning to avenge the earlier defeats and the enterprise and daring men like Enver Bey, now for the first time given a chance, it is believed may surprise the allies.

PRESIDENT AND MRS. TAFT GIVE RECEPTION TO THE ARMY AND NAVY

Practically Every One of the 2,200 Officers Stationed at the Capital Beside a Thousand Other Guests Were Invited.

Washington, Feb. 4.—The President and Mrs. Taft were hosts tonight to the army and navy at a reception which marked the climax of the Taft social regime in the white house. To their last reception the President and Mrs. Taft had invited practically every one of the 2,200 officers stationed at the capital. Senators, members of the house and civilians invited numbered nearly a thousand.

Hundreds of applications for tickets had been refused during the last few weeks and the doorkeepers were unusually cautious in scanning cards of admission.

The President and Mrs. Taft and the members of the cabinet with their wives stood in the receiving line for more than two hours. The custom of allowing the guests to dance in the East room after the reception was adhered to and the president found time to watch the dancers before he retired.

INQUEST HELD OVER REMAINS OF MISS GRACE HENDRICKS

Charles Edward Hendricks of Springfield, Takes Charge of Remains—Funeral in Springfield Thursday.

An inquest was held at the court house Tuesday morning by Coroner George W. Wright, to inquire into the cause of the death of Grace Hendricks, who passed away at Our Savior's hospital Tuesday morning. A jury composed of F. L. Sharpe, foreman, Thomas Stevenson, Michael Cody, Lee M. Carroll, John Brown and Ed. G. Saye, clerk, was impanelled and after examining the witnesses: Dr. W. P. Duncan, May Hiles, Frank Cox, Mattie McPike and E. R. Fernandes, the jury returned a verdict that the deceased "came to her death following an illness of lagrippe and from the use of probably both morphine and strychnine to alleviate pain."

Dr. Duncan testified that he had treated the deceased several times and was called to see her a week ago when she was suffering from an attack of lagrippe. He stated that she responded nicely to the treatment but went to drinking and Sunday he was called and found her suffering from drink and in a highly nervous state. He said that her heart was bad, that she had difficulty in breathing and that her hands were so badly swollen that it was with difficulty that her rings were taken from her fingers.

The doctor said that he was called again Monday afternoon between 5 and 6 o'clock and found the patient in a state of collapse, that he ordered her taken at once to Our Savior's hospital, that she was in a state of coma when she arrived there and that while he was on another case Dr. C. C. Cochran administered the treatment which he directed.

The remains were taken to the Reynolds undertaking establishment from the hospital and her father, Charles Edward Hendricks, and a sister of the deceased came to the city yesterday and took the remains to Springfield Tuesday evening. Miss Grace Hendricks was 19 years of age and had been in this city about a year. She was survived by her parents, two brothers, Euell and Lee and two sisters, Miss Emma and Mrs. Blanche Wilburn.

Funeral services will be held at the residence, 120 East Union street in Springfield Thursday and the remains will be taken to Ashland for interment.

CONFESSES TO BEING CAUSE OF FIRE.

Chicago, Feb. 4.—Harold Peterson tonight confessed to the accidental setting fire of the Burquest Upholstery establishment and fearing imprisonment, concealed a story about two negroes beating and binding him and then firing the building. Peterson beat himself over the head and tied ropes around his own arms. As the fire grew dangerous he staggered into the street and gave the alarm. The fire started when he dropped a cigarette into some excelsior.

PEOPLE ARE FAVORABLE TO WATER COMPANY CONTRACT

Vote in Special Election to Approve Measure 904 to 198—No Workers Out and Clerks and Judges Had Quiet Day.

Eleven hundred and two votes were cast Tuesday in the special election held to decide whether or not the contract made by the city with the Jacksonville Water company shall be approved. The vote was decisively in favor of the proposition as 904 votes were cast for it and 198 against. It was a very quiet election and only about one-third of the possible vote was out. This was surprising when one considers how much discussion of the water question there has been during recent years and how much every person is really interested in the question. However, it is not so surprising when it is remembered that there were absolutely no workers out for either side. So far as known the water company had no persons to advocate the approval of the contract and the city officials followed a like policy. In other words the question was put up to the people and those who wanted to express their views and those who had no preferences or who overlooked the fact that an election was in progress were undisturbed.

The vote by precincts was as follows:

ASSAULTS HONOR SYSTEM AT PENITENTIARY.

Phoenix, Ariz., Feb. 4.—State Auditor J. C. Callaghan submitted to Governor Hunt to day his annual report bitterly assailing the conduct of state penitentiary under the Honor System, put in force by the governor. The report seeks to show that prison reform as practiced under the direction of Governor Hunt has been failure. A report will be submitted to the legislature.

In reply to Callaghan's criticism, the governor asserts to day that Callaghan had no knowledge of the working of the system.

The Jacksonville Chamber of Commerce at the first annual meeting held last night elected Fountain J. Andrews as president. Mr. Andrews is a man with large business interests, a man of ability and is well qualified for the honored post which has been given him. He is broad minded and capable and may be expected to take up his duties with interest and enthusiasm. The directors who will work with Mr. Andrews will represent the business interests of Jacksonville and the organization starts out in an auspicious way.

Let no one suppose however, that the Chamber of Commerce in a year's time is going to turn Jacksonville into a great industrial center. The organization can accomplish much that is good for Jacksonville and undoubtedly will do so but those who anticipate spectacular results will be disappointed. The only way that the desired things can be accomplished is by united effort and every man who belongs to the organization should give the president and directors hearty support and co-operation.

WATER CONTRACT APPROVED.

At the special election held Tuesday the contract entered into recently between the city and the Jacksonville Water company was approved. By the terms of this contract, the company beginning July 1st next, will supply the city with water from the sand beds of the Illinois river for a period of eighteen months and will take in payment for the water pumped into the reservoir one-half of the gross receipts for water actually sold. No charge will thus be made for water used at fires or in flushing sewers. If the company sells water to parties outside of Jacksonville, the city is to have half the proceeds of such sales. The approval of the contract also means that all litigation between the city and the company will be dismissed.

The approval of the contract certainly seemed to be the only logical and proper course, for a careful perusal of the document impressed one with the thought that by this contract Jacksonville has much to gain and absolutely nothing to lose.

The company will supply water at a less price than it costs to pump it from the city's present source of supply and undoubtedly the water pumped will be of uniformly good and pure quality. One great cause for rejoicing on the part of citizens too should be that all court proceedings will now be stopped. The litigation has already cost many thousands of dollars and might go on for years and years at great cost to both parties and be of uncertain outcome.

The people by their vote Tuesday endorsed in no uncertain way the action of the mayor and city commissioners in entering into the contract with the water company. Certainly the contract is one in which the city's rights are carefully guarded and one in which much has been acquired for the city. The city officials acted with wisdom and sound judgment in entering into such a contract and they are deserving of commendation for the course pursued. The arrangement will likely be the initial step in the final solution of the problem which has vexed Jacksonville for many years and if this question is as a result finally and fortunately settled, the present city officials will have accomplished a lasting good for Jacksonville and somewhat of deserved renown for themselves.

PITEOUS CRIES OF CHILD ATTRACTS TRAVELING MAN

C. H. Olson of This City Has Life Threatened When He Goes to House to Find Cause of Child's Trouble.

C. H. Olson of South Church street, a representative of the De Laval Separator company had a close call last Monday morning in Manchester. He took the Alton train down and upon arriving walked two blocks down a street, when he heard some terrible screams from a child. He crossed the street in haste and went over to the residence from which the noise preceded. Upon arriving there he was met at the door by the man of the house, who asked in a gruff voice what he wanted. Mr. Olson replied that he heard the piteous cries of a child and thought perhaps it was in trouble. The man said he had been whipping his boy and he intended to give it to him again. After a word or two had passed between the two, the man of the house hastened to another room and came out armed and with a desperate threat ordered Mr. Olson from the premises. Mr. Olson decided that matters were getting in a pretty precarious condition so slowly moved off the porch with his grips and made his get-away. When the man came to the door armed, the wife, inside, who appeared to be sick, shouted to her husband and ordered him to do the stranger no harm.

Great Shakespearian Play

Pathé has exhausted his greatest effort to make this silent drama his masterpiece. Nothing quite so novel—quite so delightfully interesting by way of story and "Locale" has been born in the imagination of the producer's brain in many, many moons. It is a wholesome, hearty story of wonderful interest, both to the absorbing mind and the anxious eye.

CONFERENCE BILL PLANS FOR VOCATIONAL SCHOOLS IN ILLINOIS

Under Plan Purposed By Conference of Illinois Organizations State Will Pay 50 Per Cent of Cost.

Chicago, Feb. 4.—The vocational school plan prepared by Edwin G. Coolege, former superintendent of schools who was sent to Europe for a year by the commercial club, was set back today when a school bill prepared by a conference of Illinois organizations was made public by William G. Edens, secretary of the educational committee of the Illinois Bankers' association. The conference bill provides that vocational training shall be furnished through the present school organization as outlined by Ella Flagg Young, superintendent of schools. The Coolege plan provides for a separate system of schools for vocational training.

Under the conference bill the state will pay 50 per cent of the cost of vocational training which shall be provided not only in city schools but in country districts where agricultural classes will be conducted. It is estimated that state aid for vocational training will amount to about \$1,000,000 a year.

**WROTE ABOUT LIFE
IN MEXICAN WAR****MAJOR WARREN SENT LETTER
TO RELATIVES IN 1846.**

Was Published in Morgan Journal in September of That Year—Familiar Names are Mentioned—Some Business and Professional Men of Jacksonville Sixty-Seven Years Ago.

Among the papers of Mrs. I. L. Morrison and Miss Tucker a copy of the Morgan Journal of Friday September 25, 1846 was recently found by Thomas Worthington—and the old paper which Mr. Worthington let a Journal reporter see yesterday has in it much of interest to day. The Journey at that time was published once a week by W. C. Sweet and J. B. Shaw in the building occupied by Wilkinson's store at the southwest corner of the square. The paper so the editors stated devoted to politics, literature, morality, foreign and domestic news and general intelligence.

The copy mentioned was no doubt filed away by either Mrs. Morrison or Miss Tucker because it contained a notice of the death of Mr. Jonathan Tucker of Jacksonville. He died at the age of 49 from congestive fever while in Brooklyn, New York. Names long familiar in the history of Jacksonville and Morgan county appear in the advertising and news matter. One of the most interesting articles is a letter written by Major Warren of the 1st Regiment of Illinois troops at San Antonio, giving some facts about the war with Mexico. The editors stated that they were under obligations to William Warren of Jacksonville for permission to use the letter. A number of men who took a prominent part in the conflict and others whose names are still familiar to at least older residents of Morgan county are mentioned in the letter which is quoted here:

Tramped Through Rain.

"We left Lavaca on the 11th, and the first day's was a trying one on the troops. The mud and water three-fourths of the time, was knee deep, and the sun most intensely hot. About 150 men gave out at the end of eight miles and the balance moved on to Victoria fifteen miles. I remained with those who had given out, and slept in the water all night, it rained incessantly. The next morning I overtook the Army at Victoria, where we were 24 hours crossing the river. After the second day the road improved all the way.

"The climate is, I think, one of the most healthy in the world yet our men and horses are for the present completely enervated and unable to endure any fatigue. Men, who could in Illinois, easily march thirty or thirty-five miles per day, give out in six or eight; we have consequently been sixteen days making 150 miles to this place. As an evidence of the health of the country, we have about 1800 men in camp, about 400 of whom had the measles, and whilst in that condition been compelled to wade rivers, walk for hours in water, lay out in the rain, without any covering, drink water from the ditches along the road, and yet we have not lost the first man; the fact is extraordinary. We have had some few men shaking, but no case of fever. The face of the country is high and rolling, and perhaps the most slightly land in the world, fine mill streams and plenty of them; the finest herds of the finest cattle I ever saw; not one of which ever eat a grain of corn, and what is very strange scarcely an ox in our train of several hundred will taste corn when placed before them.

Some Good Corn In Mexico.

"We occasionally pass a Mexican ranch where we find as heavy and good crops of corn as are grown in Illinois. The Mexicans I have seen are ignorant, dirty, and when compared with men, small and feeble people.

"I have not been in the town but passed in sight of it, it is an old and dirty looking place—the Ancient Catholic buildings around it excite much interest. They are all in ruins, but bear testimony of great grandeur and wealth, in days gone by. The Alamo where David Crockett fell has been a noble structure. There are some four or five ruins of the kind within five miles, any one of which makes me feel astonished that I ever should have thought the Temple at Nauvoo a large building.

"The San Antonio river is the most beautiful stream I have ever seen. We are encamped on its bank about three miles from its source which is several large springs. Here it is some seven feet deep, and so limpid you can see each pebble at the bottom, and the fish playing about in every direction. The current is so swift that a man can with difficulty maintain his footing in the stream, and affords water for any amount of manufacturing establishments.

Wouldn't Trade Home For Texas.

"After saying so much for the health, soil and water priviledges of Texas, you may think I am well pleased to make it my home; and yet, although all I have said is strictly true and without exaggeration, I would not give Morgan County for all Texas. An active, business man, could come here and make a fortune, I have no doubt, in a very few years. Yet he would be compelled to live without associates or society of any kind, and lead such a life as the wealth of Indians would not induce me to lead.

"Several of our men have been bitten by rattle snakes and spiders they suffered intense pain but have all recovered. Rattle snakes, tarantulas and centipedes are plentiful and make us move with much caution through the high grass.

"The sun from 10 until 4 o'clock is very oppressive—after that time it is pleasantly cool, and we sleep comfortably under two blankets; and although south of New Orleans it is said that in the winter a northerner of two or three days frequently causes death by freezing.

CURES OF SEALSKIN.

In Infused by Human Hair Where
Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that eats the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is obtained. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women own their beautiful suites of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Mother's Friend in Every Home

Comfort and Safety Assured Before
the Arrival of the Stork.

The old saying—what is home without a mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibers and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradford Regulator Co., 128 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman needs to know, a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

RASH SPREAD TO ARMS AND BACK

Eruptions on Face, Itched and
Burned, Festered, Skin Dry and
Scaly, Sleep Out of Question. Cuti-
cura Soap and Ointment Cured.

759 Roach Ave., Indianapolis, Ind.—"At first I noticed small eruptions on my face. The trouble began as a rash. It looked like red pimples. In a few days they spread to my arms and back. They itched and burned so badly that I scratched them and of course the result was blood and matter. The eruptions festered, broke, opened and dried up leaving the skin dry and scaly. I spent many sleepless nights, my back, arms and face burning and itching; sleep was purely and simply out of the question. The trouble also caused disfigurement. My clothing irritated the breaking out."

"By this time I had used several well known remedies without success. The trouble continued. Then I began to use the sample of Cutiura Soap and Ointment. Within seven or eight days I noticed gratifying results. After receiving the excellent returns I purchased a full-sized cake of Cutiura Soap and a box of Cutiura Ointment and in about eighteen or twenty days my cure was complete. I truthfully recommend Cutiura Soap and Ointment to any sufferer of skin diseases." (Signed) Miss Katherine McCalister, Apr. 12, 1912.

Cutiura Soap and Cutiura Ointment are sold throughout the world. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cutiura, Dept. T, Boston."

FUNERAL SERVICES HELD FOR MRS. JULIA A. NEWBY

Brief Exercises at Family Home Concluded With More Extensive Services at Liberty Church—Sermon By Rev. F. A. McCarty.

Brief funeral services were held Tuesday morning at 9:30 o'clock for Mrs. Julia A. Newby, from the family residence, on South East street. Rev. G. W. Flagg, pastor of Centenary M. E. church read the twenty-third psalm and offered prayer and music was furnished by Mrs. Thomas Rapp, Miss Elizabeth Slaughter, A. G. Cody and Rev. F. A. McCarty.

Further services were conducted at 11 o'clock from the Liberty church, in charge of Rev. F. A. McCarty. There were many beautiful flowers tenderly cared for by Mrs. Charles Harney, Misses Cecil Newby, Rowena Johnson and Stella Vasey and music was furnished by Mrs. Fred Ranson, Mrs. Herbert Dawson, Scott Holmes and Thomas Coulter. Miss Grace Potter was organist.

Rev. Mr. McCarty preached from the text "In thy presence is fullness of joy and at thy right hand there are pleasures forevermore." He brought out the fact that problems of human life are solved by revelations of truth and many of the dark problems are enlightened by the consciousness that men are in God's presence in this world as well as in the world to come. Death is thought of as being solemn because it ushers us into God's presence, while as a matter of fact, life is even more serious and solemn, because it too is in God's presence and solves the question of destiny.

Standing at the cradle, life seems long; looking back from the grave it seems incredibly short. The Bible emphasizes the shortness of life. After life is over the things that are prized are not easy present day soft times, but the hard battles, the heavy burdens and the real sacrifices one has made. The memory of real service and sacrifice would enrich heaven. There are two things which greatly comfort those who have lost their loved ones, said Rev. Mr. McCarty, one is the memory of everything that is sweet, pure and good in the life and the other is that heaven awaits them. Heaven should mean three things to every Christian, a place of rest, reunion with loved ones and satisfaction.

The remains were laid to rest in Liberty cemetery and the bearers were Messrs. George Sargent, John Marshall, George Gilbert, John Boddy, Winfield Scott and Albert Scott.
